Manufacturer: Doble Australia Pty Ltd t/a The Doble Group	Contact: sales@dobleoutdoors.com	Warranty: 2 year

SCS 100p	Specifications
Lamp type	LED
LEDs per unit	15 LEDs
Light output	
- High	125 Lumens
- Medium	25 Lumens
- Low	5 Lumens
Light lifespan	50,000 hours (within 70% initial intensity)
Light distribution	120°
Colour	Cool White
Charging System	
Charge type	AC grid, DC supply
Charge time (PV** & AC grid)	3-4 hours
AC input power range	1A 12W, 100-240V, 50/60Hz
Power out	2 x 5.4mm DC ports (2 x USB)****
Storage system	
Storage type	2 x Lithium ion phosphate (LifePro4)
Nominal battery voltage	3.2V
Battery capacity	3000 (mAh)
Battery protection	Active LVD & HVD, reverse polarity
Battery cycles	4000 cycles***
Dimensions	
Max length / height	55cm
Diameter	3.1 cm*****
Weight	0.42kg
Additional info & special features	
Lamp housing	Lamp housing: polycarbonate, nylon and stainless steel
Factory certification	ISO14001:2004 & ISO9001:2008
Ships with	
	<ul style="list-style-type: none"> • 1 x DC to USB booster cable • 1 x Microfiber carrier bag • 1 x Product information manual • 1 x Doble outdoors branded retail box
	Note: The above results are based on current component testing and internal product testing. They have yet to be verified by an independent testing laboratory.

* On full charge

** Based on included PV

*** Based on each cycle being a partial recharge or top up. After 4,000 partial recharge cycles the battery will still operate at 80% efficiency. If the battery is fully depleted then fully charged every time, the battery will reach 80% efficiency after 1,500 cycles

**** Extra cable required (supplied) which converts DC out to female USB port

*****Diameter does not include hooks
