

Energy Generation Kit Solar Rise X Eight

600284 • 2/2016

With this Off-Grid solar kit you can enjoy all the comfort of reliable power supply for AC appliances for home uses or for professional work. The expandable kit includes high quality crystalline solar panels, solar charge controller with MPP Tracking, pure sine wave inverter and all other components for safe installation. You'll be able to energize an efficient refrigerator, cordless phone system, laptop, lights, television, fans, and plenty of tools and machines. For the bigger power demands an additional diesel generator can be easily connected.

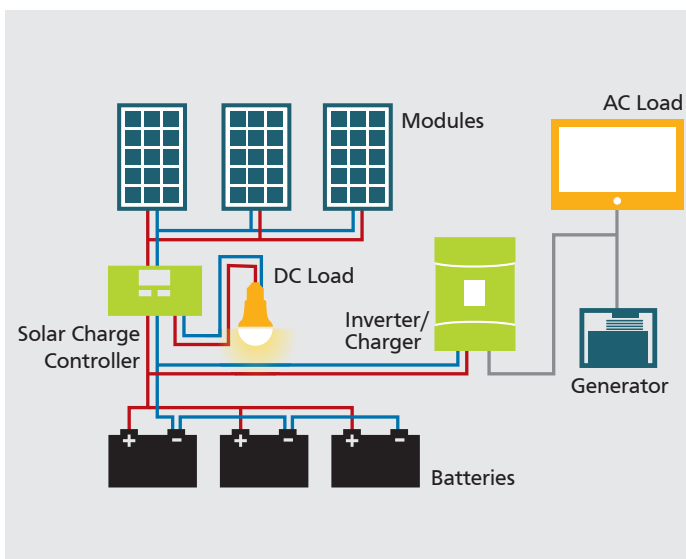

Please note: batteries not included!

Kit available with batteries:
